FOR EVER

Recently our members had the pleasure of visiting Ken Russell's private collection of cars. Over 30 in total & including some 10 Rolls Royces. Ken entered the red Stanley Steamer {above} in the last Great Australian Rally & will be entering his Silver Ghost Rolls {below} in the Jan rally..

It was a pleasure to see such nice cars & an even greater pleasure to have a ride in the Stanley Steamer.. Boy, can that car accelerate.

Subject: Angel

One particular Christmas a long time ago, Santa was getting ready for his annual trip... but there were problems everywhere. Four of his elves got sick, and the trainee elves did not produce the toys as fast as the regular ones, so Santa was beginning to feel the pressure of being behind schedule.

Then, Mrs Claus told him that her Mom was coming to visit. This stressed Santa even more. Then when he went to harness the Reindeer, he found three of them were about to give birth and two had jumped the fence and were out, heaven knows where. More Stress. Then when he began to load the sleigh one of the boards cracked and the toy bag fell to the ground, and scattered the toys.

So, frustrated, Santa went back into the house for a cup of coffee and a shot of whisky. When he went to the cupboard, he discovered the elves had hid the liquor and there was nothing to drink. In his frustration, he accidentally dropped the coffee pot and it broke into hundreds of little pieces all over the kitchen floor. He went to get the broom and found that mice had eaten the straw it was made from.

Just then, the doorbell rang and Santa cursed his way to the door. He opened the door and there was a little angel with a great big Christmas Tree. The angel said, very cheerfully, "Merry Christmas Santa. Isn't it just a lovely day? I have a beautiful tree for you. Isn't it just a lovely tree? Where would you like me to put it?"

Thus began the tradition of the little angel on top of the Christmas Tree.

An extraordinarily handsome man decided he had the God-given responsibility to marry the perfect woman so they could produce children beyond comparison. With that as his mission he began searching for the perfect woman. After a diligent, but fruitless, search up and down the east coast, he started to head west. Shortly thereafter he met a farmer who had three stunning, gorgeous daughters that positively took his breath away. So he explained his mission to the farmer, asking for permission to marry one of them.

The farmer simply replied, "They're all lookin' to get married, so you came to the right place. Look them over and select the one you want."

The man dated the first daughter. The next day the farmer asked for the man's opinion.

"Well" said the man, " She's just a weeeeee bit, not that you can hardly tell, but pigeon-toed."

The farmer nodded and suggested the man date one of the other girls; so the man went out with the second daughter.

The next day, the farmer again asked how things went.

"Well," the man replied, "She's just a weeeeee bit, not that you can hardly tell, cross-eyed."

The farmer nodded and suggested he date the third girl to see if things might be better. So he did.

The next morning the man rushed in exclaiming, "She's perfect, just perfect! She's the one I want to marry!" So they were wed right away.

Months later the baby was born. When the man visited nursery he was horrified: the baby was the ugliest, most pathetic human you can imagine. He rushed to his father-in-law asking how such a thing could happen considering the parents.

"Well," explained the farmer, "She was just a weeeeee bit, not that you could hardly tell, pregnant when you met her."

For ABC Car Club News.

Feature Car is a 1973 Jaguar XJ12 Series 1, belonging to club member and treasurer, Tony Hodges.

This car is number 392 of only 3220 units produced by Jaguar during the 13 months of production. (July 1972 - August 1973). It was delivered to my late father on 27 March 1973, by local Canberra dealer Larke Hoskins. He had to wait nearly 18 months for the car, having previously cancelled his order for an XJ6, when he heard that they were going to make a 12 cylinder model.

Of the 3220 Series 1 XJ12's produced, 750 were long wheel base versions, which leaves 2470 short wheel base models made. Of these about $\frac{3}{4}$ were left hand drive and exported mainly to USA. So only about 620 RHD SWB XJ12's were built and most of these would have been for the home (UK) market.

So it is quite a rare car. Compare this with 58,972 Series 1 XJ6's produced, and 155,000 Series 3 XJ6 saloons built between 1979 and 1986.

This particular car has now covered 124,000 miles from new, most of which were covered during her early years, when it was used as an every day car. It has been well maintained and is still in pristine condition, and her performance is stunning!. She now only comes out on special occasions, being garaged and covered when not in use.
